

Charleroi Sportsmen's Club Newsletter

The year 2021 yielded numerous achievements for the club. We installed a new roof on the pavilion, purchased a new heating and cooling system, new bar stools and an ice machine, extended the lower range to three-hundred yards, and repaired the road leading up to the range.

Functions:

- Monthly shoots
- Picnic
- Kids fishing day
- Kids Christmas party
- Adult Christmas party
- Pheasant stocking
- Fishing contest for the biggest fish for adults and youths
- Archery buck pool
- Rifle buck pool

In 2022, we hope to accomplish even more. The trap league will start on the first Sunday in January closely followed by the pool league, which begins that Monday. Shuffle board will start on the first Friday in January. On the fifteenth of January, there will be someone at the club to officially measure antlers. We are planning two kids fishing days along with a youth day. There will be a picnic in August and a Christmas party for both adults and children. Monthly shoots will be held. We will once again be stocking pheasants and holding an archery and rifle buck pool. An adult and youth fishing contest will be conducted, and we are looking for a lake to purchase. We will also have monthly work detail.

We would like to let our members know how Charleroi Sportsman's help with the community:

- 2019- 21 donations for a total of \$12,643
- 2020- 12 donations for a total of \$7,479
- 2021- 9 donations for a total of \$9,000

These donations are for youth activity, and given to Organizations like Saint Jude.

Meetings are held the third Tuesday of each month.
